EXPERIENCE

Southern Seafood Market & Deli – Manager

Hattiesburg, MS - January 2005 - Present

Manage a team of 10 employees, which included front of the business(cashiers and servers) and back of the business(kitchen staff). Trained cashiers, servers how to communicate and interact with customers. Trained cooks on food preparation from start to finish, holding them to high standards, expected in the restaurant industry. Work closely with wholesalers, and sales representatives. Ensure customers are satisfied, from the time they walk-in and leave with their orders.

EDUCATION

Certificate, Full Stack Web Development – University of Texas at Austin
September 8, 2020 - March 2, 2021

PROJECTS

React Portfolio — *React Profile Portfolio*

A personal portfolio using React. Highlights and demonstrates capabilities with useState, Email.js and CSS using React.

Best Book Review Site — *Interactive Full Stack Project*

This group project required us to create a Full Stack Website. This project required us to implement back-end development using Authentication, calling book APIs, creating user login/signup. Creating a front-end interface for user interaction.

FULLfill! — *Baby gift registry for expecting mothers*

In this group project, we used MERN stack. MERN consists of MongoDB, Express.js, React.js, and Node.js. We were required to use a different CSS library, so I chose Chakra UI. I was mainly responsible for CSS styling. I also assisted with queries when needed.

SKILLS

Front End: JavaScript, HTML5, CSS, React, jQuery

Back End: SQL, MySQL, ExpressJS, Node.js, GraphQL

Other: MERN, GitHub, Heroku, Webpack
